CLEARWATER, FLORIDA July 27, 2022– Neighborly Care Network announces P3 Health Partners Florida, part of [P3 Health Partners Inc.](#) (“P3”) (NASDAQ: PIII), a patient-centered and physician-led population health management company, is the first organization to join its Annual Partners program, launched earlier this year. In addition to the general promotion of the partnership at all events, Annual Partners enjoy special opportunities to engage with Neighborly staff, volunteers, and the seniors they serve.

Neighborly is thrilled to work with P3 Health Partners Florida, which owns and operates P3 Medical Group, who partner with primary care providers and specialists and support approximately 1,500 patients in Pinellas and Hillsborough counties. One of the best ways to highlight an organization's corporate social responsibility is through nonprofit alignment. As a leading provider of senior services, as well as the Meals on Wheels™ provider for Pinellas County, Neighborly is a natural fit for organizations like P3 Health Partners Florida. P3 will deliver monthly healthcare presentations on a variety of subjects and support the National March for Meals month, by helping deliver nutritious meals to at-risk seniors in Pinellas County.

According to the U.S. Census Bureau's latest estimates: Over 50 million senior citizens live in the U.S., making up 16.5% of the total population. Florida has the highest percentage of senior citizens (21%). To invest in the health of your community, you have to invest in seniors and the programs that serve them like Neighborly Care Network.

“If you care about the health of your community, you have to care about seniors. P3 is an ideal example of how an Annual Partner’s investment will enhance our programming and the wellness of our clients. Additionally, this brand alignment gives them the opportunity to build relationships with our team and our seniors,” said David Lomaka, Executive Director of Neighborly.

“Neighborly is a leading provider of senior services, as well as the Meals on Wheels provider for Pinellas County, so a partnership with them seemed like a natural fit for P3 Medical Group and our patients,” said Lorie Glisson, Market President, P3 Health Partners Florida. “Often, seniors experience challenges outside of the doctor’s office, including transportation needs, access to healthy food and social isolation, so together with Neighborly, we can help change this for the betterment of the communities where we serve. Through our combined efforts, we are committed to improving both the overall healthcare and wellbeing of seniors.”

###

ABOUT Neighborly Care Network: Since 1966 Neighborly has provided critical services to seniors. Not only the Meals on Wheels provider for all of Pinellas County, Neighborly offers Adult Day Care, Transportation, and eight Senior Dining Cafes throughout the county. Over 700 volunteers deliver nutritious meals to homebound clients, offering encouragement and reassurance to the elderly that they are not alone or forgotten. For more information on how you can volunteer or support seniors in your Pinellas neighborhood, visit www.Neighborly.org

About P3 Health Partners (NASDAQ: PIII): P3 professionals manage the care of thousands of patients in 18 counties across five states. P3 supports primary care providers with value-based care coordination and administrative services that improve patient outcomes and lower costs. Through partnerships with these local providers, the P3 care team creates an enhanced patient experience by navigating, coordinating, and integrating the patient’s care within the healthcare system.
